## Tuesday, 3 August 2021

### All sessions are in Kuala Lumpur Time (GMT +8:00)

17:00 - 17:10 **Welcome & Opening Address by Workshop Chairman Shivaji Maitra**  
17:10 - 17:20 **Opening Address by William Abriel**

SESSION 1 **SETTING THE EXPECTATIONS**  
Session Chair: Dan Kahn (AWS Energy Team) and Syarina Md. (DUG)

17:20 - 17:35 **Cloud Computing for Seismic Imaging: Challenges and Opportunities**  
Keynote Speaker Mohammed AlOtiabi, Saudi Aramco

17:35 - 17:50 **Processing and Imaging in the Cloud – Considerations from an Operators Point of View**  
Christopher Lee Slind, PETRONAS

17:50 - 18:05 **Seismic RTM on Cloud**  
Hugo Mieland, Microsoft

18:05 - 18:20 **Optimization framework for imaging and inversion and the Azure Cloud**  
Sam Kaplan, Chevron

18:20 - 18:35 **Seismic imaging in the cloud: experience and outlook**  
Haiyang Wang, ExxonMobil

18:35 - 18:50 **Moderated Discussion - 15 min**

18:50 - 19:05 SPEED NETWORKING - 15 min

SESSION 2 **EVOLUTION TO THE CLOUD**  
Session Chair: Fabio Mancini (Woodside)

19:05 - 19:20 **Evolution of high-performance computing for next generation seismic imaging**  
Chu-Ong Ting, CGG

19:20 - 19:35 **Pioneering Enterprise Scale Seismic Processing on the Cloud**  
Robert Bloor, Schlumberger

19:35 - 19:50 **The sky is not the limit - seismic inversion with unlimited cloud compute**  
Stu Midgely, DUG

19:50 - 20:05 **Stretch It, Squeeze It, Spike It Up! The Elastic Compute Model Fits With Production Processing**  
Scott Michell, TGS

20:05 - 20:35 **Moderated Discussion and Wrap Up - 30 minutes**

20:35 - 21:35 POST EVENT NON-MODERATED FORUM

## Wednesday, 4 August 2021

### All sessions are in Kuala Lumpur Time (GMT +8:00)

SESSION 3 **WHAT IS THE STATE OF THE ART TODAY?**  
Session Chair: Suyang Chen (Schlumberger) and Christopher Lee Slind (PETRONAS)

17:00 - 17:15 **Cloud processing: just the beginning of the storm?**  
Keynote Speaker Mark Skinner, Shearwater

17:15 - 17:30 **Challenges and Solutions**  
Mik Isernia, AWS

17:30 - 17:45 **Seismic Imaging on Cloud with Adaptive & Global Full Waveform Inversion**  
Nikhil Shah, S-Cube

17:45 - 18:00 **Accelerating your Cloud Performance**  
Ken Hester, NVIDIA Energy Leader

18:00 - 18:15 SPEED NETWORKING - 15 min

18:15 - 18:30 **The New "Energy" Industry: Industry Trends Changing the Way We Access & Use Seismic Data**  
Dan Piette, Bluware

18:30 - 18:45 **Case Study - FWI/Cloud on Data Storage**  
Henry Deebens, Woodside

18:45 - 19:15 **Moderated Way Ahead Discussion - 30 min**

19:15 - 19:30 **Closing Comments from Oil Company Representatives**

19:30 - 20:30 POST EVENT NON-MODERATED FORUM
