

GEOFYSICS PUBLICATION FEES ELECTION FORM

The cost of scholarly publication is high, and expenses must be shared by members, subscribers, and authors. Author charges are an important aspect of this journal's financial support. Declining to pay voluntary charges will not prejudice acceptance of a paper; however, the Society expects authors to make every effort to pay these charges if it is within their means to do so. Page charges for papers are mandatory if none of the authors is an SEG member in good standing.

GEOFYSICS is a hybrid open-access journal. If authors pay all mandatory charges, they can elect to make their paper freely accessible indefinitely in SEG's online archive by selecting the appropriate open-access option below and paying a US \$2,500 fee.

Please complete this form (must be signed) and upload it as a PDF file to your Author Center at <https://mc.manuscriptcentral.com/> interpretation. If necessary, you may fax the form to GEOFYSICS at 1-918-497-5557.
