ABOUT THE COUNCIL

The Council is one of the two primary Governing Bodies of SEG, the other being the Board of Directors. By its very nature, being made up of approximately 90 Representatives spanning the entire globe, the Council is the most diverse and inclusive part of SEG’s governance structure. While Board Members are elected by the entire Membership, Council Representatives are appointed by a local subset of the Membership. Council Representatives are often well-connected and are usually attuned to what is most important to SEG Members in their region.
